

**The decor is fresh and simple:**  
wooden floors, exposed stonework and traditional lime wash walls, wooden beds and shutters rather than heavy curtains.

The feel is understated luxury. Egyptian cotton sheets, Tortue Rouge toiletries, fresh flowers and helpful service.

We offer a range of relaxing massages, all using our fine organic oils.

Lunch is a light buffet. In the evenings we offer a short four course menu of tempting dishes prepared fresh daily from locally sourced and organic ingredients wherever possible. We offer regional specialities and there is always a creative vegetarian option.

Come and relax and let the world go by. You can walk for miles without meeting a soul, swim in our sun drenched pool, or laze by the river – all without leaving the Domaine.

We can host your private meeting or your own course in our purpose built seminar room which is warm in winter and cool in summer.

Antiques and original paintings together with a warm welcome create a home from home atmosphere.
